Come see this secluded 2 bed, 2 bath cabin on 1.75 acres. Raccoon's Rest is only a few minutes to Dollywood and all of the attractions of Pigeon Forge like the Island, Dolly's Pirate dinner theater and dozens more. You are also only a few minutes to the entrance to The Great Smoky Mountains National Park, the most visited park in the country. Situated at the end of a cul de sac and totally private back deck, you will enjoy that cabin in the woods felling that renters love. As you step inside you get that cozy log cabin feel with all the tongue and groove pine on the walls and a stone surround, gas log fireplace. The king size, vaulted ceiling, master suite on the main level includes a whirlpool tub and ceramic tiled shower. There is a bonus area on this level that is currently a covered, screened porch. With a little work, this could be turned into extra living space for a game room or sleeping quarters. Downstairs is a bedroom, full bath and game room with pool table. Also on this level is a private screened porch with a large 4 person hot tub. The large utility room houses a full size washer and dryer. Comcast cable provides for high speed internet. From the wooded back deck, you cannot see another soul.
